MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Reduction in Overseas Strength - EALPA

REFERENCE : Memo fr Exec Dir-Compt, 18 Mar 68, #68-1320/1,
w/Att Draft, same subject

This Directorate has relatively few problems brought about by the reduction of overseas strength. There is nothing contained in the draft memorandum with which we would take issue. Presumably the amount of detail into which the paper goes is brought about by the somewhat more complex manpower control problems faced by other Directorates.
